## WORK EXPERIENCE

---

### THE ENTREPRENEURSHIP NETWORK

Frontend Developer intern Jul 2024 - Oct 2024

- Developed and maintained responsive user interfaces using React.js, improving site speed and user engagement.
- Use Tailwind CSS for efficient and scalable design implementation, leading to reduction in styling time.
- Collaborated with backend developers to ensure smooth integration of APIs and efficient data flow across the application.
- Utilized Flowbite components to expedite UI/UX design, enhancing the visual appeal and usability of forms and dashboards.
- Leveraged Shadcn for flexible and reusable component integration, streamlining UI consistency across the platform.

### Jorhat Engineering College

Academic internship Jul 2023 - Sep 2023

- Gained foundational knowledge of Python, focusing on key programming concepts like data structures, loops, conditionals, and functions for efficient problem-solving.
- Applied basic computer vision techniques using libraries such as OpenCV, implementing image processing tasks like object detection and image segmentation

## EDUCATION

---

DHEMAJI ENGINEERING COLLEGE Expected June 2025

- Relevant Coursework: Software Engineering; Operating Systems; Data Structure; Algorithm; Database Management

BEZBARUAH HIGHER SECONDARY SCHOOL Jul 2018 - Jul 2020

## PROJECT

---

Indi Bazar Feb 2024

- React.js: For building the dynamic and responsive user interface.
- Tailwind CSS: To style the application with utility-first, customizable designs.
- Redux Toolkit: For state management, ensuring smooth user interactions and data flow.
- Firebase: Used for backend services like authentication, database, and hosting.

### Connect Alives

- React.js: For creating a dynamic, responsive user interface that allows users to navigate seamlessly between chat rooms.
- Node.js and Express.js: To handle server-side logic, manage user sessions, and establish WebSocket connections for real-time communication
- Socket.io: Used for enabling real-time messaging, ensuring instant updates and notifications between users.
- User Authentication: Implements secure user sign-up and login features, allowing personalized experiences and data privacy.
- Private Messaging: Enables direct messaging between users for one-on-one conversations
- Responsive Design: Ensures compatibility across devices, providing a seamless experience on mobile and desktop.

**AI driven ERP Solution**

- A cutting-edge Enterprise Resource Planning (ERP) web application designed to manage the college placement:
- Next.js: Utilized for building a fast, server-side rendered, and scalable user interface with seamless routing and enhanced SEO capabilities.
- Tailwind CSS: Applied for crafting a modern, responsive, and highly customizable design with utility-first styling.
- Firebase: Integrated to provide robust backend services such as authentication, real-time database, and cloud hosting for secure and scalable data handling.
- Gemini: Leveraged for advanced analytics and insights, enabling data-driven decision-making and performance tracking.
- Zapier: Implemented for seamless workflow automation, connecting various apps and services to reduce manual effort and enhance productivity.

**Resume Analyzer**

- The project utilized **React.js** for building an interactive and dynamic user interface
- **Node.js** for server-side logic and data handling.
- **Gemini AI** powered advanced resume analysis, offering insights like keyword extraction and skill matching.
- **Tailwind CSS** was used for designing a responsive, visually appealing, and consistent user interface.

**SKILLS**

---

C,C++,HTML, CSS ,JS, Tailwind css,React js , Express js , Node js, Mongodb,Firebase, Next js, Problem solving ,Typescript Communication,Vercel,Github,Teamwork, problem-solving, growth focus.

**LANGUAGE**

---

**English** Conversational

**Assamese** Native

**Hindi** Conversational

**Responsibility**

---

NSS coordinator member in Dhemaji Engineering College

**Declaration**

---

I hereby declare that the information mentioned above are true and complete to the best of my knowledge and belief.
